PROFESSIONAL SUMMARY

Frontend-focused Software Engineer with 2.5+ years of experience building scalable, responsive web and mobile web applications using React.js, Next.js, JavaScript, and TypeScript, with strong focus on UI development, reusable component architecture, and performance optimization.

Skilled in translating Figma designs into pixel-perfect interfaces using Tailwind CSS and Bootstrap, integrating RESTful APIs, and improving performance, SEO, accessibility, and cross-browser compatibility. Currently expanding into backend and cloud engineering through self-learning in Node.js, Express.js, MySQL, Docker, Kubernetes, CI/CD, Microsoft Azure, and AWS.

KEY STRENGTHS

- Hands-on expertise in React.js (Hooks, component architecture) and Next.js (SSR, SSG, performance and SEO optimization), backed by strong JavaScript (ES6+), TypeScript, semantic HTML5, and modern CSS3 fundamentals.
- Proven ability to convert Figma designs into pixel-perfect, responsive, mobile-first interfaces using Tailwind CSS and Bootstrap, built as reusable, modular components that support a consistent product design system.
- Practical experience integrating RESTful APIs for dynamic data rendering, optimizing UI performance and SEO, and resolving production issues through systematic debugging.

TECHNICAL SKILLS

Frontend Frameworks: React.js (Hooks, Component Architecture, State Management), Next.js (SSR, SSG, Routing, Performance and SEO Optimization)

Languages and Core Web: JavaScript (ES6+, DOM Manipulation, Event Handling, Async/Await), TypeScript, HTML5 (Semantic and Accessible Markup), CSS3 (Flexbox, Grid, Animations)

UI and Styling: Tailwind CSS, Bootstrap, jQuery, Responsive Design, Mobile-First Design, Cross-Browser Compatibility, Reusable Component Styling, Design System Consistency

APIs and Architecture: RESTful API Integration, Dynamic Data Rendering, Component-Based Architecture, Modular Frontend Structure, Reusable Component Libraries

Performance and SEO: UI Rendering Optimization, DOM Optimization, Page Performance Improvement, SEO-Friendly Markup, Next.js SSR and SSG Optimization, Accessibility

Quality and Debugging: Debugging, Troubleshooting, Production Issue Resolution, UI Testing and Validation, Code Refactoring, Maintainability Improvements

Tools and Platforms: Git, Bitbucket, Jira, FileZilla, Version Control Workflows, Code Review

Design and Collaboration: Figma, Design-to-Code Handoff, Pixel-Perfect Implementation, UI Design Discussions, Cross-Functional Collaboration

Backend and Database (Self-Learning, 2025 - Present): Node.js, Express.js, REST API Development, MySQL (Schema Design, Joins, Indexing, Query Optimization), Relational Database Design, Database Integration with REST APIs

Cloud, DevOps and CI/CD (Self-Learning, 2025 - Present): Linux, Docker, Kubernetes, Terraform, Microsoft Azure, AWS, GitHub Actions, Bitbucket Pipelines, Jenkins, Automated Build, Test and Deployment Workflows, Repeatable Release Processes, Deployment Troubleshooting, Cloud Networking Fundamentals

PROFESSIONAL EXPERIENCE

Career Break (Medical) - Technical Upskilling

Independent Learning | June 2025 - Present

- Career break due to a temporary lower back condition that required doctor-advised rest; fully recovered and available to work. Period used for structured self-learning in backend, cloud, and DevOps engineering.

- Built backend fundamentals with Node.js and Express.js, including REST API development, routing, and middleware, along with MySQL schema design, joins, indexing, query optimization, relational database design, and database integration with REST APIs.
- Practised CI/CD using GitHub Actions, Bitbucket Pipelines, and Jenkins, covering automated build, test, and deployment workflows, repeatable release processes, and deployment troubleshooting.
- Gained hands-on exposure to Linux, Docker, Kubernetes, Terraform, Microsoft Azure, AWS, DevOps practices, and cloud networking fundamentals.

Software Development Engineer (SDE - I)

RedoQ Software Services Private Limited | December 2024 - June 2025

- Translated Figma designs into pixel-perfect, production-ready interfaces using HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, and TypeScript for web and mobile web.
- Built modular, reusable components in React.js and Next.js, ensuring scalable, maintainable, and consistent user experience across the platform.
- Integrated RESTful APIs for dynamic data rendering, improved UI performance and accessibility, and resolved production issues through systematic debugging.

Software Engineer (Frontend)

Dgtalists Solutions Private Limited | January 2023 - December 2024

- Delivered user-facing features using HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, and TypeScript with strong focus on interaction quality and usability.
- Optimized DOM manipulation and UI flows using JavaScript and jQuery, improving performance and responsiveness across browsers and devices.
- Refactored shared frontend codebases using React.js and Next.js, improving scalability, maintainability, and cross-platform UI consistency.

PROJECTS

Eduspire Global - Frontend Developer

June 2024 - October 2024

- Built a production-scale frontend platform using React.js and modern JavaScript with dynamic data rendering and modular, component-based architecture.
- Developed reusable, high-performance UI components and contributed across design discussions, implementation, testing, and iterative improvements.

Digital Data Consultancy - Frontend Developer

December 2025 - January 2026

- Developed responsive web and mobile web interfaces using Next.js with reusable, modular components and a clean, maintainable UI structure.
- Optimized UI rendering, performance, SEO, and cross-browser compatibility, and resolved frontend production issues for reliable user-facing features.

EDUCATION

Bachelor of Technology (B.Tech) in Electrical Engineering

Gargi Memorial Institute of Technology | August 2020 - June 2023

Diploma in Electrical Engineering

Baruipur Government Polytechnic | June 2017 - July 2020

LANGUAGES

English (Full Professional Proficiency), Hindi (Full Professional Proficiency), Bengali (Native)
